Student Council Fundraising Update - November 2, 2026

We held a cookie and milk sale on September 29 and ran the concession for the teacher-versus-Grade 9 hockey game on October 15. The results are being combined because cookies purchased for the September sale were also used at the hockey concession.

Thank You to Our Volunteers
A huge thank you to everyone who has given their time to come into the school and help with fundraising so far this year. We have such a great group of people, and their time, energy, and willingness to pitch in make these events possible. Along with helping the school, we have a lot of fun together—and it really does fill our cups!

Expenses
Total supply costs, after refunds and adjustments, were **$886.96**, broken down as follows:

Supplies	Cost
Costco – cookies and bags	$205.19
Costco – milk	$154.60
FreshCo – Chubby drinks	$61.15
Costco – concession food and drinks	$431.40
Costco – Fruit by the Foot	$34.62
Total	**$886.96**

Deposited amount: 1863
Cash float: $100 (previously 74$)

Donation
A motion is requested to ratify the $100 donation through Jaden's bake sale in support of the Ben Stelter Foundation.

Upcoming Fundraising
Late November – Dollar Days
We could offer treats at $1, $2, and $3 price points, such as ice cream sandwiches or other ready-to-sell items. This would be a relatively simple fundraiser to organize.

December – Hot Dog Lunch
We are planning a hot dog lunch for December, with proposed pricing as follows:

- **Single meal – $5:** One hot dog, chips, and pop.
- **Double meal – $7:** Two hot dogs, chips, and pop.

We could sell tickets through PowerSchool, if that works. What date in December would work best for everyone?

We will definitely need some help with preparation and serving. We could cook and wrap the hot dogs ahead of serving, or possibly use the Blackstone if the weather cooperates. There are a couple of options, and we can iron out those details together once we have a date and know who is available to help.

I would like to see what kind of return this generates. If it works well, we could potentially offer another one during the year as a supplement to our regular hot lunch fundraising.

Spring – Mystery Candy Bags
I'm also wondering whether we should buy some Halloween candy while it is on clearance to use for a mystery bag fundraiser in the spring. We could check the best-before dates before purchasing and put it aside for that purpose. What are everyone's thoughts?

Teacher Support
Our goal is to raise enough money to support all of the teachers and their programs and help give the kids the best possible experience. Support from teachers with advertising upcoming fundraisers and reminding students would be greatly appreciated.

We would love for the kids to remember everything themselves, but remembering their water bottles can already be a challenge! A few reminders in class could make a real difference in participation and help these fundraisers succeed.

Thank you,

Kelly Spanach
Fundraising Chair
